Fall 2008

Visiting Minister

This fall we were privilege to host Michael Wambugu from Kenya during his 2008 USA mission trip. Michael is a publisher, founder and CEO of Revival Springs Media in Nairobi, Kenya. We have been blessed partnering with him in the ministry.

We enjoyed his fellowship and spend a considerable amount of time discussing about our ministry involvement and how we can increase our influence in preaching the gospel.

Michael had the opportunity to preach in Ohio, Maryland, Virginia, Massachusetts, Texas and Missouri.

His ministration in the USA was such a source of inspiration for many believers. God used him tremendously to encourage the church in America to remain true to its faith in Christ.

Revival Springs Media

In this newsletter I would like to share with you about the work of Revival Springs Media. More than ten years ago Revival Springs began as a simple local Kenyan magazine, but by the grace of God it has grown to become one of the leading Christian magazines in Kenya. It currently has a monthly circulation of **9000 copies** in Kenya, Uganda, and Tanzania. In the recent years God has granted the magazine favor in reaching the homes of many Christians in North America, Europe, and even in the Caribbean Islands.

This Christian magazine addresses a wide spectrum of issues that include leadership, family life, relationships, ministry profiles, life testimonies, and ministry developments. It features articles from accomplished preachers such as **Rev. Teresia Wairimu, Dr. John Chacha, Dr. Armstrong Cheggeh, Pastor Wilfred Lai**, and other USA writers. The magazine has also previously featured **Bishop T.D. Jakes and Juanita Bynum among others**. Revival Springs Media also sends free magazines to inmates in Kenya through SEND THE LIGHT program. This has been a great source of spiritual nourishment for many prisoners in Kenya.

New Doors! New Opportunities

What began with a formal letter to the chief Editor of Revival Springs in the beginning of 2006 has development into a great ministry to reaching hundreds of people through writing. This is my story of how I began writing for Revival Springs Magazine.

For three years I have been writing monthly articles and I cannot tell you all the countless email testimonies I have received from the readers.

For three years I have been writing monthly articles and I cannot tell you all the countless email testimonies I have received from the readers. God has been touching the hearts of many people thousands of miles away. Because of the great response from readers, we are now focusing on using writing as a means to reach people we would otherwise not reach in person.

A Testimony of Second Chance

God's power is not limited by distance or time. Dr. Dora Bronston of Middletown, Ohio who is a columnist of Revival Springs Magazine shared a powerful testimony of how God used her to save a life thousands of miles away. Several months ago as she was working on an article the LORD prompted her to write a message of hope for people in despair and particularly address the issue of suicide. Though she wondered why the LORD wanted her to write on this subject she faithfully obeyed. Little did she know that the LORD was going to use her article to save a life in Uganda.

A few weeks after the magazine was published she received an email from a university student in Uganda. This young man had despaired of life and had planned to commit suicide. On that material day he happened to pass by his friend's room and saw a Revival Springs magazine placed on a desk. He picked it up and started reading it. He came across Dr. Bronston's article which struck him so much and touched his heart in a great way. The Spirit of God filled his heart with love and hope. The message changed his life and destiny to the glory of God.

God is doing a lot of things through Revival Springs Media. To read more about them or to subscribe for the magazine login to their website www.revivalspringsmedia.org or contact Michael at Michael@revivalspringsmedia.org

May the LORD bless you.
