## Happy New Year!

While 2006 was viewed as an year of *“New Beginnings,”* 2007 is been perceived as the year of *“Fulfilment.”* We thank God for the wonderful things He began in 2006 . We saw the Lord open great doors for us and we considered that as only the beginning of what He wants to do through this ministry.

We are eagerly looking forward for what the Lord has in store for us

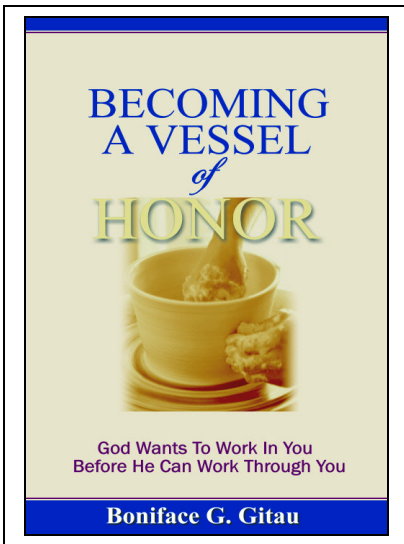

this year. We are trusting Him to open more doors and use us to touch many lives with the gospel of Christ all for His glory.

We encourage you to look forward for the fulfillment of the work God began in your life and ministry in 2006. The lord always desires to work in us and through if we allow Him to do so. His will is for us to be vessels through which we

convey His love and compassion to a world that is wounded and lost.

Are you willing to be apart of what God wants to accomplish in 2007? Do not be discouraged by what was not fulfilled in 2006 or the challenges that so often distract us from God’s work. Stay focused on what the Lord has promised you and you will see the fulfillment of His word in His time.
